

Never mind,  
Why did I say it?

Forget I said.  
Forget I said anything.

Anything and everything,  
Just, just forget.

Forget my sins,  
Forget that hope.

Just never mind,  
Never mind who I was.

Never mind,  
Who I thought you were.

Never mind who I thought,  
Who I thought we could be.

Just forget,  
Forget I said anything.

Forget you meant anything,  
Forget it, just, forget me.

I'm sorry,  
Just never mind,

Never mind,  
Never think.

Never hope,  
Never breathe.

Just forget it.  
Forget me.

Forget I said anything,  
Forget you meant anything.

Forget I said,  
Forget I did.

Forget it all,  
Forget me.

Forget,  
Forgive me.

I didn't mean to say it.  
I didn't mean to ask.

I just needed to know,  
I just wanted to know, you.

It was all I wanted,  
Never mind.

Never mind,  
Never remember.

Just forget I said anything.  
I'm sorry.

Why can't I forget,  
How stupid I feel?
